" Andrew ran 90-Day plans for both a new and existing team. I have to say the results were superb and the sessions were incredibly well facilitated. During the sessions and at our subsequent meet ups Andrew hit the balance perfectly between support and allowing me to input as the line manager.

Andrew did really well to relate our corporate values to the work with my teams, and he really understood our business. I would whole-heartedly recommend him to others looking to improve team performance."

Andy Hallett
Senior Commercial Director at SThree
